20 June 2016
EMA/255185/2015 Rev.1

Mandate of joint Enpr-EMA – ENCePP Working Group on paediatric pharmacovigilance

Joint Enpr-EMA – ENCePP WG on paediatric pharmacovigilance

Chair: Dr Dirk Mentzer, chair of the PDCO

Co-chair: Andrea Margulis, ENCePP

- Contribute to the revision of the new module of the Good pharmacovigilance practices (GVP) on paediatric pharmacovigilance.
- Respond to specific queries on methodological approaches to paediatric research from the ENCePP Steering Group, Enpr-EMA and other stakeholders such as the EMA and its Committees.
- Discuss methodological challenges in research on drug safety in children and adolescents.
- The work of the group will lead and inform, where applicable, future activities of ENCePP and Enpr-EMA in terms of medicines used in the paediatric population to avoid duplication of tasks and ensure collaboration between the two networks.
- Contribute to the regular review of the ENCePP Guide on Methodological Standards in Pharmacoepidemiology.
