Mandate of ENCePP Working Group 2

Independence and transparency

Chair: Laura Yates

Code of Conduct

- Assess the need to supplement the Code of Conduct with additional tools to support good governance of pharmacoepidemiological research.
- Further elaborate some of the provisions already included in the Code of Conduct, e.g. by developing specific guidance, policies or sample/template contracts.
- Explore ways to better monitor implementation of the Code of Conduct for ENCePP Seal studies.
- Support the use of the Code of Conduct.
- Support registration of studies in the EU PAS Register.

EU PAS Register and ENCePP databases

- Support EMA in the further development of the EU PAS Register and ENCePP databases.
- Provide recommendations for business requirements to ENCePP Steering Group and EMA.

The specific deliverables for the period 2017-2019 are available in the [ENCePP Work Plan](#).
